

# NEXUS CABLE

**E** **Manual de Instalación**

**F** *Manuel d'Installation*

**GB** *Assembly Instructions*

**I** *Manuale di Installazione*

**E Advertencias de seguridad**

**GB Safety warnings**

**F Avertissement de sécurité**

**I Avvertenze e note di sicurezza**

- E** Leer detenidamente estas instrucciones de montaje antes de cualquier uso y conservarlas después de la instalación.

El no respetar las instrucciones de montaje, uso y especificaciones técnicas del artículo, así como excederse en los rangos de uso máximos especificados (pesos, etc...), significará la exclusión de la Política de Garantía y de Servicio Postventa de Persianas Roma.

Antes de proceder a la instalación, asegúrese de que cuenta con todas las piezas según el sistema elegido.

- GB** Read these assembly instructions carefully before use and keep them after installation.

Failing to follow the assembly instructions, use instructions and technical specifications of the product, as well as surpassing the specified maximum range (weight, etc.) will void the Guarantee Policy and After-Sales Service of Persianas Roma.

Before installation, make sure you have all the parts for the system you have chosen.

- F** Veuillez lire attentivement ces instructions de montage avant son utilisation et conservez-les après l'installation.

Le non respect des instructions de montage, utilisation et spécifications techniques de l'article, ainsi comme dépasser les rangs d'utilisations maximums spécifiés (poids, etc...), sera motif d'exclusion de la Politique de Garantié et Service Après-vente de Persianas Roma.

Avant de procéder à l'installation, veuillez à ce qu'il ne manque aucune pièce selon le système choisi.

- I** Leggere attentamente il presente manuale contenente le istruzioni di montaggio prima di procedere all'uso. Conservare il manuale per riferimento futuro.

Il mancato rispetto delle istruzioni, dell'uso corretto e delle specifiche tecniche così come delle misure massime indicate (peso,...), implicherà l'esclusione dalla Politica di Garanzia e dal Servizio Postvendita di Persianas Roma.

Prima di procedere con l'installazione, verificare di avere tutti i pezzi del sistema desiderato.

**NOTA: Las ondas en V pueden aparecer en sistemas de grandes dimensiones; como consecuencia de la flexión que puede hacer el conjunto del cajón debido al peso. Con el paso del tiempo y de los ciclos, estas ondas pueden acentuarse, llegando a quedar marcadas en la lona. De igual forma, se pueden crear ciertas arrugas en los laterales del paño, justo en la zona de unión con la cremallera, por el cosido de la misma. Estos desperfectos de la lona son solamente estéticos y no afectan al funcionamiento del sistema.**

*NOTE: V-waves can appear in large-dimension systems, as a consequence of the potential movement of the box assembly due to the weight. With the passage of time and cycles, these waves can become more pronounced, even becoming marked on the canvas. Similarly, some wrinkles may appear on the sides of the cloth, in the area where it joins the zipper, due to the stitching of the zipper. This damage to the canvas is purely aesthetic and does not affect the performance of the system.*

*REMARQUE : Des ondes en V peuvent se produire dans les grands systèmes, en raison de la déflexion que l'assemblage de la boîte peut faire à cause du poids. Avec le passage du temps et des cycles, ces ondulations peuvent devenir plus prononcées, voire marquées sur la toile. De même, quelques plis peuvent être créés sur les côtés du tissu, juste à l'endroit où il rejoint la fermeture éclair, en raison de la couture de cette dernière. Ces dommages sur la toile sont uniquement esthétiques et n'affectent pas le fonctionnement du système.*

*NOTE: V-waves can appear in large-dimension systems, as a consequence of the potential movement of the box assembly due to the weight. With the passage of time and cycles, these waves can become more pronounced, even becoming marked on the canvas. Similarly, some wrinkles may appear on the sides of the cloth, in the area where it joins the zipper, due to the stitching of the zipper. This damage to the canvas is purely aesthetic and does not affect the performance of the system.*

## 03

### Preparación de componentes Hardware preparation

Préparation de composants • Preparazione dei componenti

**E** Paso 1. Realizar el corte en ambos extremos del perfil.

**GB** Step 1. Cut on both sides of the profile.

**F** 1. Réaliser la découpe sur les deux extrémités du profil.

**I** Fase 1. Effettuare il taglio su entrambe le estremità del profilo.

## 04

### Montaje en fábrica Factory assembly

Montage en usine • Montaggio in fabbrica

**E** Paso 1. Introducir el felpudo en la barra de carga.

**GB** Step 1. Insert the brush seal onto the charge profile.

**F** 1. Placer le tapis sur le profil de la barre charge.

**I** Fase 1. Introdurre la spazzola a listello nel profilo della barra di carico.

**E** Paso 2. Montaje de la lona en el tubo.

**F** 2. Montage de toile dans le tube.

**GB** Step 2. Canvas assembly in the tube.

**I** Fase 2. Montaje de la lona nel tubo.

Ø47

\*Limpiar con un paño y alcohol de quemar la zona del tubo donde se pegará la cinta adhesiva a doble cara extrafuerte. Dejar secar el alcohol. Pegar la cinta al tubo, presionándola firmemente, y evitando que atrape burbujas. Pegar el extremo de la lona que no tiene agujero cosido a la cinta adhesiva, cuidando que la lona quede perfectamente alineada con el tubo, para que la lona enrolle recta sin desviarse a ningún lado.

\*Clean the area of the tube where the extra strong double-sided adhesive tape will be stuck with a cloth and methylated spirits. Allow the alcohol to dry. Stick the tape to the tube, pressing it firmly and preventing it from catching bubbles. Glue the end of the tarpaulin that does not have a sewn hole to the adhesive tape, making sure that the tarpaulin is perfectly aligned with the tube, so that the tarpaulin rolls up straight without deviating to any side.

\*Nettoyez la zone du tube où le ruban adhésif double face extra-fort sera collé avec un chiffon et de l'alcool à brûler. Laissez sécher l'alcool. Collez le ruban sur le tube en le pressant fermement et en évitant qu'il ne fasse des bulles. Collez l'extrémité de la bâche qui n'a pas de trou cousu sur le ruban adhésif, en veillant à ce que la bâche soit parfaitement alignée avec le tube, de manière à ce que la bâche s'enroule en ligne droite sans dévier d'un côté ou de l'autre.

\*Pulire l'area del tubo in cui verrà incollato il nastro biadesivo extra forte con un panno e alcol metilico. Lasciare asciugare l'alcol. Incollare il nastro al tubo, premendo con forza ed evitando che si formino bolle d'aria. Incollare l'estremità del telone che non ha un foro cucito al nastro adesivo, assicurandosi che il telone sia perfettamente allineato con il tubo, in modo che il telone si arrotoli dritto senza deviare da nessun lato.

5 mm

Ø70

Ø78

Ø85

**E** Paso 3. Montaje Barra Refuerzo Ø22.  
Introducir barra refuerzo, ver tabla de descuentos.

**GB** Paso 3. Ø22 reinforcement rod assembly. Insert the reinforcement rod, see cutting table.

**F** Paso 3. Montage barre renfort Ø22. Insérer barre renfort, voir tableau de remises.

**I** Paso 3. Montaggio della barra di rinforzo Ø22. Inserire la barra di rinforzo (vedi Tabella delle dimensioni).

**E** Paso 4. Introducir la lona en la barra de carga correspondiente. Atornillar las tapas a la barra de carga.

**GB** Step 4. Insert the fabric in the corresponding load bar. Screw the covers to the load bar.

**F** 4. Insérer la toile dans la barre de chargement correspondante. Visser les couvercles sur la barre de chargement.

**I** Fase 4. Inserire il tessuto nella barra di carico corrispondente. Avvitare le coperture alla barra di carico.

- E** Paso5. Montaje de los testers. Introducir el felpudo, situar los testers y atornillar.
- GB** Step 5. Assembly of the end pieces. Insert the doormat, position the end caps and screw on.
- F** 5. Mise en place des embouts. Insérer le paillason, positionner les embouts et visser
- I** Fase 5. Montaggio delle parti terminali. Inserire il tappetino, posizionare le estremità e avvitare.

- E** Paso 6. Calcular las piezas de sujeción necesarias.
- GB** Step 6. Calculate the required fastening parts.
- F** 6. Calculer les pièces de fixation nécessaires.
- I** Fase 6. Calcolare gli elementi di fissaggio necessari

| Tamaño • Size<br>Taille • Dimensione | X    |
|--------------------------------------|------|
| 80                                   | 500  |
| 100                                  | 1000 |
| 130                                  | 1000 |

- E** Paso 7. Clipar las piezas de sujeción según el tipo de instalación.
- GB** Step 7. Clip the fastening parts according to the type of installation.

- F** 7. Fixer les pièces de fixation en tenant compte du type d'installation.
- I** Fase 7. Applicare gli elementi di fissaggio in base al tipo di installazione.

- E Paso 8.** Introducir el cable, cortado según los descuentos, por el terminal. Realizar dos grimpados por terminal para fijar el cable.

- GB Step 8.** Insérer le câble, coupé selon les repères, à travers la borne. Effectuer deux sertissages par borne pour fixer le câble.

- F 8.** Insérer le câble, coupé selon les repères, à travers la borne. Effectuer deux sertissages par borne pour fixer le câble.

- I Fase 8.** Inserire il cavo, tagliato secondo le marcature, attraverso il terminale. Eseguire due crimpatrici per terminale per fissare il cavo.

## 05 Montaje en obra On-site assembly Montage sur site • Montaggio in opera

- E Paso 1.** Introducir el terminal con el cable por el testero y fijar con la tuerca cuadrada.

- GB Step 1.** Insert the terminal with the cable through the end cap and secure it with the square nut.

- F 1.** Insérer la borne avec le câble par l'extrémité et fixez-la avec l'écrou carré.

- I Fase 1.** Inserire il cavo, tagliato secondo gli sconti, attraverso il terminale. Eseguire due crimpature per ogni terminale per fissare il cavo.

- E Paso2.** Introducir la barra de carga por el cable e introducir las tuercas en los terminales.

- GB Step 2.** *Insert the load bar through the cable and insert the nuts into the terminals. terminals.*

- F** 2. *Insérer la tige de chargement dans le câble et insérer les écrous dans les bornes.*

- I Fase 2.** *Inserire la barra di carico attraverso il cavo e inserire i dadi nei morsetti terminali.*

- E Paso 3.** Fijar los soportes al suelo o a la pared.

- F** 3. *Fixation des supports au sol ou au mur*

- GB Step 3.** *Fixing the brackets to the floor or the wall*

- I** **Paso 3.** *Staffe di fissaggio a pavimento o a parete*

**E** Paso 4. Montar la fijación del cable a suelo o pared.

**F** 4. Fixer la fixation du câble au sol ou au mur murale.

**GB** Step 4. Mount the cable fixing to the floor or wall.

**I** Fase 4. Montare il fissaggio del cavo sul pavimento o sulla parete.

**Montaje mediante tuercas** □ *Assembly using nuts*  
*Montage de l'écrou • Montaggio mediante dadi*

**Montaje con prisionero** □ *Assembly with a stud*  
*Montage avec goujon • Montaggio con uno perno*

**\*Antes de apretar, empujar el cable hacia abajo para tensarlo lo máximo posible.**

*\*Before tightening, push the cable down to tighten it as much as possible.*

*\*Avant de serrer le câble, poussez-le vers le bas pour le serrer au maximum.*

*\*Prima di stringere, spingere il cavo verso il basso per stringerlo il più possibile.*

**E Paso4.** Montaje del eje. Situar las tuercas en los testeros. Introducir el eje en el interior del cajón deslizando los soportes entre la guía de los testeros. Atornillar los soportes.

**GB Step 4.** Shaft assembly. Place the nuts on the ends. Insert the shaft into the the inside of the drawer by sliding the supports between the guide of the end pieces. Screw the supports.

**F 4.** Montage de l'arbre. Monter les écrous sur les extrémités. Insérer l'axe dans à l'intérieur du tiroir en faisant glisser les supports entre les guides des embouts. Visser les supports.

**I Fase 4.** Assemblaggio dell'albero. Posizionare i dadi sugli estremi. Inserire l'albero all'interno del cassetto facendo scorrere i supporti tra le guide degli estremi. Avvitare i supporti.

**E Paso5.** Introducir el perfil de registro en el cajón y atornillar.

**GB Step 5.** Insert the register profile into the box and screw it.

**F 5.** Insérer le profilé de registre dans le coffre et le visser.

**I Fase 5.** Inserire il profilo di registrazione nel cassetto e avvitarlo.
